Pre-Uni New College's Selective Trial Test Course (STTC) is a comprehensive program designed for Year 8 students to prepare them for Victoria's selective entry high school examination.

The STTC is unique in that it allows students to practise exam style questions under the same exam conditions. By attending the STTC, students will systematically revise the entire course and be confidently prepared for the actual exam.

The STTC will help students to manage their testing time efficiently, minimise errors, overcome exam nerves and perform at their optimum level in their actual exam.

Together with the STTC, we will help our students to reach their full potential before the actual exam date and build their confidence to succeed.

## WHAT ARE THE BENEFITS OF STTC?

- The STTC can help to increase accuracy and minimise errors.
- The STTC can help to increase the speed of answering questions (30 – 35 seconds per question). The actual exam conditions are as below.
- The STTC familiarises students with all essential test taking skills.
- By practising exam questions every week, results and competence steadily improve.
- The test reports give immediate feedback to students about weak areas on which they should focus.
- Parents can get an idea of which score level their child will achieve in the actual exam and make or revise the most suitable school choices in their application.

## Selective Trial Test Course – Test Timetable

Each week, students complete three tests and review the questions with teachers/tutors, putting more focus on difficult questions. The test reports are provided to the students at the end of each session. The writing tests are marked by the teacher and the writing test reports are given to the students on the following week.
